Dear Mr Knipe

NOTICE OF INTENTION:

REFERENCE: SL/2008/0294

LOCATION: LAND AT FORMER PLUMTREE FARM, BRIGSTEER

PROPOSAL: ERECTION OF ANIMAL FEED SILO AND AGRICULTURAL STORAGE BUILDING

I refer to your Notice of Intention to erect the above and, in accordance with the terms of the Town and Country Planning (General Permitted Development) Order 1995, I am writing to inform you that there is **NO OBJECTION**, from a planning point of view, to the proposal as indicated in the documents submitted subject to the use of dark green sheeting on the walls and roof.

If within three years of the erection of the building which is the subject of this approval, you would wish to change its use to one which includes the housing of livestock or the storage of slurry or sewage sludge, it will be necessary for you to seek planning permission. This may only be done by the submission of a planning application and the payment of a fee. The application would be one which seeks to waive condition A2(1) (a) of Part 6 of the Town and Country Planning (General Permitted Development) Order 1995.

I would point out that this agreement refers only to the planning aspects and not to the Building Regulations or other Regulations.

The development granted by this approval must be carried out within **THREE** years of the date of this letter.

Yours sincerely
